2. BUSINESS OVERVIEW

2.1 Nature of the business

GOT is a horse racing company and has purchased one thoroughbred racehorse (the “Horse”) with the intention of managing its racing career, training and racing it. The Horse is 100% owned by the Company.

It is intended that the Company will operate for the career of the Horse, with an expected start date of 4th May 2023 to be extended at the discretion of the Directors or until the Horse retires or has been sold.

The Company intends to generate returns for the Shareholders by effectively managing the Horse’s racing career. This involves engaging and maintaining quality licensed trainers, ensuring the Horse remains healthy, and entering the Horse into appropriate races. The Manager is responsible for managing the Horse’s racing career. Any prize-money won by the Horse will be used in the first instance to pay trainer and jockey expenses. The remainder of the prize- money will be distributed to the Shareholders in the form of dividends. See section 6.4 for more information about the distribution of prize-money.

If an offer is made by a third party to buy the Horse from the Company, the Directors will consider, with consultation from the Manager and the trainers, whether the offer is in the best interests of Shareholders. If the Company considers the offer is in the best interests of Shareholders, Shareholders have a right of first refusal and have the option to purchase the Horse at the offered price.

If in the opinion of the Directors, it is not in the interests of the Shareholders for the Horse to continue to race in a particular class to which the Horse is referable, the Horse will either be sold, or if it is considered to be of no significant commercial value, retired and placed in a good home.

At the end of the Horse’s racing career, the Directors will consider whether the Horse will be sold or transitioned to a breeding programme and will make a recommendation to the Shareholders. A Shareholders’ resolution will then be passed to elect whether to sell the Horse or transition to a breeding programme. In the latter case, the Company may continue for the breeding life of the Horse. If there is no transition to a breeding programme, then the Horse will be sold. If the Horse is a valuable broodmare, it will either be sold through a public auction or to a bloodstock agent. Once the Horse is sold, the Company will be wound up. The sale money will be distributed to creditors and Shareholders in accordance with the Corporations Act.

2.1.1 Thoroughbred industry overview

The Australian racing industry makes a significant contribution to the national gross domestic product, employment and government revenue. The economic activity generated by thoroughbred racing and breeding alone contributes more than \$10 billion to the national GDP and, when included in the agricultural sector, is the fourth largest industry in Australia.

The horse racing industry is a mature industry with over 3,000 registered trainers and 800 jockeys. There are approximately 35,000 horses in Australia participating in about 19,000 races per year with prizemoney totalling \$600 million.

The below graphs show the number of races relative to the total pool of prizemoney, and the increase in the prizemoney pool up until 2018.

The industry is highly regulated. Companies and syndicates operating horse racing businesses are primarily subject to the Australian Rules of Racing administered by Racing Australia Limited. Each Australian State and Territory has a Principal Racing Authority which supervise and licence industry participants. Companies are also subject to the *Corporations Act 2001*. Regulations, racing rules and licensing requirements change from time to time, and the changes could result in the Horse not being able to participate in certain races.

Direct competitors to the Company's business include:

- Yarramalong Racing Club Ltd;

Syndicates similarly manage, train and race horses throughout Australia and their horses may race in the same races as the Company's Horse.

- Transfers of ownership.

2.3.1 Manager's fees

The Manager is paid a flat fee of \$88.00 (incl. GST) monthly for every 2% share to cover all expenses (except extra ordinary costs in accordance with section 6.3.1). Each Shareholder is responsible for a portion of the flat fee in accordance with section 6.3.1.

2.4 Significant dependencies

The Company is dependent upon key services provided by the Manager (see section 2.3) and the trainers engaged to provide training services. More details are set out regarding the trainers below.

2.4.1 Proposed trainer/s

Stephen Jones is the proposed trainers for the Horse. A trainer's agreement between Stephen Jones Racing and the Company has been executed. A letter of consent to train the Horse from the proposed trainers is attached to this Prospectus.

The contact details are as follows:

The contact details are as follows:

Address: Stephen Jones Racing
434 Bunnan Road Scone ACT 2337
Phone: 0419 673 115

A well-travelled and experienced horseman. Stephen Jones has had a lifelong passion for horses and thoroughbred racing. His career in the industry commenced as a jockey in 1974. During his time in the saddle, Stephen had the privilege of working for the legendary TJ Smith at Randwick and then John J Berry at Canterbury.

In 1981 Stephen turned his experience to training and established himself at stables in Canterbury for 10 years, then Rosehill for another 10 years before heading to the sunshine state of Queensland. During such time Stephen has had the opportunity to work alongside some of Australia's leading trainers. In 2013, Stephen took a 12-month training stint in Penang Malaysia, before returning to the Gold Coast. His training operation is now situated in Scone NSW.

Stephen is a hands on trainer to best understand the needs of each and every horse. He believes the health, fitness and recovery of each horse is paramount to success on the track. The horses at Stephen Jones Racing have access to the state of the art facilities at the Scone Race Club.

Career highlights for Stephen include winning at Group level with River Love, and the Southern Cross Classic with Profits. Stephen has a reputation for being a most capable horseman. He is well known, liked and respected throughout the industry. He is friendly and approachable and welcomes owners and friends to become involved in the stable.

2.5 Strategy and plans

The Company has been set up to purchase the Horse and manage its entire racing career. The Company is offering Shareholders the opportunity to receive any benefit of race winnings and potential future breeding revenue and proceeds (after expenses).

2.6 Finance arrangements

The Company purchased the Horse from Group One Thoroughbreds using a credit facility provided by Group One Thoroughbreds to enable the Company to pay the purchase price of the Horse and cover the running costs of the Horse until the Company has raised sufficient capital to cover these expenses. The terms of the credit facility are as follows:

- \$36,800 in borrowings available under the credit facility.
- Drawn down funds are not subject to interest.
- The credit facility is provided on an unsecured basis.
- The Company must apply future capital raised under the Offer to repay any amounts drawn down under the credit facility at which time the facility will be terminated.

2.7 Valuation

A valuation by a qualified bloodstock valuer does not accompany this Prospectus as the Horse was acquired by Group One Thoroughbreds at a public auction and there is no conflict of interest in relation to the purchase.

3. RISK FACTORS

3.1 Business risk factors

3.1.1 Horse racing risks

The following risks could impact the ability of the Horse to participate in races:

- Injury to the Horse in the course of its training or when participating in races;
- Sickness, disease or death of the Horse;
- The Horse could prove unsuitable for horse racing; and
- The cost of racing, including managing and training the Horse could increase leading to a reduction in any returns to Shareholders.

Horses can get sick, lame, suffer from disease, feeding disorders, pests or parasites and be unable to race or train for extended periods of time. As a result, the Company may incur significant unexpected expenses such as vet bills and rehabilitation costs. Injury or illness can affect any horse and can reduce or end a horse's racing career or ability to produce as a broodmare.

High class races have a much lower rate of injury than low class races. While this could be attributed to many factors, including the quality of the horse, economics, or medications, the trainer still must make the decision to run a horse or not to run a horse. Because leading trainers consistently get the best horses, injury rates by race class should correspond to injury rates by trainer.

Race Class	Career Ending Injury Rate	Career Ending Injuries	Starts
High	2.27%	553	243,854
Low	4.11%	2,566	624,265

Source: "Trends in Equine Mortality, 1998-2005"

https://www.aphis.usda.gov/animal_health/nahms/equine/downloads/equine05/Equine05_is_Mortality.pdf

If the Horse is unable to participate in a race, the amount of dividends payable is likely to be lower because there will be no prize money attributable to that race. If the Horse is no longer suitable for horse racing because it is permanently injured or suffers from sickness or disease, the Horse will likely be sold at a loss, and this will significantly impact the distributions Shareholders receive upon wind up of the Company.

3.1.2 Reliance on directors and key persons

The Company has no operating history and relies on the skills of the directors, trainers of the Horse and Group One Thoroughbreds to manage the racing career of the Horse. An investment in the Company is therefore heavily dependent on the directors and these other key persons.

The trainers of the Horse are engaged by the Company in accordance with the trainers' standard terms of trade. These standard terms allow the trainers to terminate for convenience on short notice. If this happens, the Horse may be left without a trainer until new trainers are engaged, and the terms of engagement may be on less favourable terms. However, it is likely that Group One Thoroughbreds can secure alternative successful and qualified trainers by using its existing networks and experience in the industry. There will also be delays in the Horse commencing its racing career, with a corresponding increase in expenses and no ability to win prize money for a period.

The Company's ability to effectively manage the Horse's racing career and perform the necessary administrative functions depends upon the performance and expertise of the directors and Group One Thoroughbreds. The loss of these key personnel, or any delay in their replacement, may adversely affect the Horse's performance or eligibility to participate in races, and this will have a negative impact on the amount of dividends to be distributed.

3.1.3 Downturn in horseracing industry

The state of the horseracing industry is largely correlated with the health of the domestic economy. If there is a downturn in economic activity, it is likely that the pool of prizemoney, the level of investment in the industry and the value of the Horse will decrease. This means that upon selling the Horse, the Company will receive less sale proceeds than if the state of the horseracing industry was healthier.

3.1.4 Changes in legislation and regulations

Changes in legislation and regulations such as the Australian Rules of Racing could affect the Horse's ability to participate in races, and therefore could affect the amount of Shareholder returns. In addition, the Company could be subject to additional legal or regulatory requirements if its business, operations or geographic reach expand in the future.

The Company is primarily subject to the Australian Rules of Racing administered by Racing Australia Limited. Each Australian State and Territory has a Principal Racing Authority which supervise and licence industry participants. The Company is also subject to the *Corporations Act 2001*. Legislation and racing rules change from time to time, and the changes could result in the Horse not being able to participate in certain races. This means the Horse will have less chance to win prize money, which will negatively impact on the amount of dividends available for distribution.

3.2 Investment risk factors

3.2.1 No guarantee of returns

Any person investing in shares in the Company should be aware that horse racing is a speculative venture with no guarantee of returns. A person subscribing to this offer should regard their shares as an entry in to racing horses for entertainment value rather than returns. There is also a risk to capital, for example, if the Horse proves unfit for racing, it may be sold off for a price less than its cost-plus ongoing expenses. The best pedigree and training also cannot guarantee a winning horse. The Horse could simply lack the desire or ability to perform at the necessary level.

3.2.2 Trading in Shares may not be liquid

As shares in the Company are not listed on any stock exchange, there is no liquid market for the shares.

Shareholders may sell their shares to a third party or an existing Shareholder. To facilitate this, the Company will maintain a register of the shares that any Shareholder wishes to make available for sale and will inform any prospective purchaser who expresses an interest. However, the Company is legally constrained from soliciting for purchasers on behalf of sellers or otherwise make a market for shares.

Group One Thoroughbreds Pty Ltd

Att: Jeremy Azzopardi

Po Box 2570 WYOMING NSW 2250

Dear Mr J. Azzopardi

RE: Training 2021 Star Turn out of Granados colt

I, Stephen Jones, hereby agree to train the 2021 Star Turn out of Granados colt from my stables at Scone for the syndicate being formed by Group One Thoroughbreds in accordance with my standard terms of trade.

I am very pleased to be training this colt for Group One Thoroughbreds and was one of my top picks at the sale.

Her sire Star Turn was a Powerhouse Sprinter and the only 3yo colt of his generation who measured up to weight-for-age Group 1 racing in the Autumn. He wasn't just a phenomenal 3yo! In a stellar crop of colts, Star Turn drew first blood as a Spring 2yo in the Pierro Plate at Randwick before a 2nd to Flying Artie in the Blue Diamond Prelude in the Autumn. His only unplaced runs in a 12-start career were 5th and 6th in the Blue Diamond and Golden Slipper, respectively. Sire of 103 winners, earnings of over \$14 million, 7 stakes winners, 8 stakes placegetters including Group 1 winner, Startantes.

Her dam Granados was a winner in town. She is the full sister to Rocha a Group 2 winner. She has had 3 foals to race with 2 winning and the third placing. Her dam Larocha was an extremely good racehorse winning the South Australian Oaks at group 1 level. She is by the outstanding sire and champion broodmare sire Encosta De Lago with stakes earning of over \$307 million, 152 individual stakes winners with 18 at Group 1 level including Alligator Blood, Happy Clapper and Impending.

Group One Thoroughbreds, in my opinion they have bought well in a nice type of colt and I recommend him to any prospective buyer considering becoming an owner.

I look forward to having great success with him and this syndicate.

Regards,

Stephen Jones

Clinical Examination

The clinical examination included heart, ophthalmic eye examination, teeth examination, limb flexion and joint palpation which were normal. The examination also included a review of the radiographs for the above horse provided in the repository. The horse was examined at rest and at the walk. There was no evidence of previous abdominal surgery, infection or disease, lameness, laminitis or ataxia. There were two descended testicles in the scrotum.

In my opinion, at this time, the Star Turn x Granados '21 presented as suitable for purchase as a racehorse as can be determined from the examination performed as described. Star Turn x Granados '21 is suitable for public syndication and mortality insurance.

I confirm that I do not have any current or intended future financial or other interest in the above mentioned horse, the proposed syndication or Group 1 Thoroughbreds and this letter may be relied upon by prospective investors who invest in the horse.

Yours sincerely,

Dr Chris Lawler BVSc

Shareholders will have no right to have your shares in the Syndicate redeemed or bought back prior to the termination or winding up the syndicate.

Before purchasing a share, each Shareholder should consider the purchase of the share as a long-term investment for the life of the Syndicate. The Syndicate Manager will not be obligated to sell a share on behalf of the Shareholder. In the event that the Promoter or Syndicate Manager sells a share/s on behalf of a Shareholder, the Promoter/Syndicate Manager will be entitled to charge a practical commission in consideration for arranging the sale.

A Shareholder will not be able to offer for purchase, or issue invitations to buy Shares, unless the prospective purchaser is provided with a Syndicate Agreement prepared by the Syndicate Manager in accordance with the provisions of the Syndicate Agreement. There will be no ready market for the Shares.

The Syndicate Manager will not be obliged to sell a Share on behalf of a Shareholder. Group One or any external participant may seek market to resell the share/s or keep and race the horse.

In the event that a shareholder has made the decision to leave or sell his/her share, they must first offer the sale of that share/s within the syndicate.

Fees on early termination are payable up to and including the final date of the Shareholder's ownership.

i. The Manager's Responsibilities

a) The Manager is Group One Thoroughbreds. The Director of Group One Thoroughbreds is Jeremy Azzopardi. The Manager is responsible for all aspects of the management of the racing career of the Horse, the management of communications between the Manager and the stables and will make decisions on behalf of the Shareholders pertaining to the Horse on offer.

b) The Manager shall be the first registered Shareholder in the Racing Partnership. The Manager's duties include:

i. Liaising with the Trainer and keeping all Shareholders current with the progress of the Horse.

ii. Keeping a register noting the names and addresses of each Shareholder and the number of shares held by each, the date on which the Shareholder entered in the Register of Racehorses and the date on which any person ceased to be a Shareholder.

iii. Notifying the Principal Racing Authority and Registrar of Racehorses in writing of every change in a Shareholder of the Racing Partnership, every change in the percentage of a Shareholder's Share in the Racing Partnership and every change in a Shareholder's address within a period of FOURTEEN (14) days of the change.

v. Representing the Shareholders in any official barrier draws, trophy presentations and any promotions/media events regarding the Horse.

c) The Manager may at any time give the Shareholders not less than one months' notice in writing of his/her intention to retire as Manager and will cease to have any rights and obligations as Manager from the date of that notice.

j. Distribution from Sale or Stud and or Breeding

In the event that the Horse is sold, a 10% (plus gst) sale fee of the sale price is payable by the Shareholders to Group One Thoroughbreds. (Should a valuation be required to determine the sale price, this will be acquired at the Shareholder's expense, by a bloodstock valuer who is a member of the Federation of Bloodstock Agents (FBA). Should the Horse go to Stud and or Breeding, Group One Thoroughbreds will be eligible to TWO (2) lifetime service rights per annum for the lifetime of the standing stallion and 5% (plus gst) of the sale price (only in the event of the horse being an entire and being retired to stud).

Irrespective of whether or not the Syndicate Manager, being Group One Thoroughbreds, is voted off as the syndicate manager of the Horse, Group One Thoroughbreds will have the right to negotiate stud and breeding of the said Horse of this Partnership Agreement.

End of the Horses career – Shareholders will vote to retire or sell the Horse. Group One Thoroughbreds has the discretion and first right of refusal to put together an offer to purchase the Horse from the Shareholders and/or give all Shareholders the opportunity to remain Shareholders in the partnership or sell or relinquish their shares.

k. Meetings/Decisions

- i. In the event that the horse is a colt/entire and the horse needs to be gelded all shareholders must achieve a 51% majority vote (if the vote is tied, the Syndicate Manager has the casting vote) to keep the horse as an entire unless written expert advice is obtained by a veterinarian, trainer and the Syndicate Manager that the necessity of the horse requires to be gelded due to the well-being of the horse and safety of the track riders and training staff.
- ii. The trainer, as stated in Section 2.3.1 of the Prospectus, is the first appointee by the Syndicate Manager. The Syndicate Manager will arrange for the trainer to train the horse and prepare the horse for training. The Syndicate Manager may at any time, remove the trainer and either engage the services of another appropriately licensed person to act in that capacity. The new trainer may be interstate and not within the same jurisdiction of the initial trainer. The Syndicate Manager will confer with all Shareholders with regards to a change of trainer before a decision is made.
- iii. In the event that a Shareholder has made the decision to leave or sell his or her share, they must first offer the sale of that share/s within the syndicate. Under no circumstances is it the responsibility of Group One Thoroughbreds to sell the share/s on behalf of the shareholder. It is the full responsibility of the Shareholder to maintain their shareholding until such time that the share is sold. It is an ownership much like the purchase of a property or home and is for the term of the racing career of the horse.
- iv. Group One Thoroughbreds can be removed or replaced as Manager of the Career of the Horse if a memorandum signed by the shareholders representing a majority interest in the Horse (that is, a vote by Shareholders with an interest of more than 50% in the Horse) votes for their removal. In the event where a manager is removed or replaced, Group One Thoroughbreds will cease to provide the services referred to AR 63(2) of the Australian Rules of Racing. These services include:
 - entering, nominating, accepting, or scratching such Horse for any race.
 - engage a jockey to ride such Horse for any race.
 - receive any prize money or trophy won by such Horse; or

- act for and represent the joint Shareholders, lessees, or Shareholders in relation to the Horse in all respects for the purpose of the Rules.

Group One Thoroughbreds will continue to act as Manager of the Syndicate to provide the remaining services expressed in Section i of the PA. That is, the Manager is responsible for all aspects of the management of the racing Career of the Horse, preparation of the Syndicate's annual accounts for submission to the

Lead Regulator, the management of communications between the Shareholders and the Stables, and the provision of all administrative services and trust accounts of the syndicate.

If Group One Thoroughbreds is removed as the Manager of the Horse, it does not give up its entitlements to the disclosed stud fee, breeding or sale fee as per Section j of the PA.

Management of the Horse and the Syndicate will continue by Group One Thoroughbreds up until all shareholders have paid the termination fee in full. This early termination fee is enforced as a charge to compensate us for failure to satisfy the contract by the syndicate Shareholders.

We will not charge you an early termination fee if it is a result of a proven material breach pursuant to Section i of the PA.

vi. A Shareholder or Shareholders who own not less than 30% of the Shares may either call a meeting of Shareholders or request the Syndicate Manager to call a meeting of Shareholders, upon giving at least 21 days written notice to the other Shareholders, the Syndicate Manager and the Racing Manager. In the event the Syndicate Manager receives such a request, the Syndicate Manager must within 14 days of receipt thereof, call a meeting of Shareholders, which must be held within 1 month of receipt of the request.

vii. A voting resolution binds all Shareholders, whether or not they participate. No objection may be made to any vote cast unless the objection is made at the time of convening. The decision of the Syndicate vote on any matter is final.

I. Prize-money Distribution

All prizemoney won by the Horse will be deposited into the managed account of the horse and distributed into the shareholders account by Group One Thoroughbreds.

The Manager is not entitled to any of the prize money, breeders' bonus or incentive scheme payments.

In accordance with the Rules of Racing in Australia, prize-money is distributed to the Shareholders after remunerations are distributed to the trainer, jockey, welfare program and jockey insurance, and the withholding of any funds required to cover major race acceptances for which the Horse is eligible or nominated. The percentages are automatically determined by each state and may vary from State to State.

m. Trophies and Prize Distribution

In an event the Horse wins a trophy or an item that is not listed in the race book with a dollar value, such as a saddle cloth or rug, the Manager will conduct a draw for all Shareholders to participate in. Declare your GST status

When do I supply an ABN?

- If you are registering a horse in the name of a Company, Firm or Stud, the Company, Firm or Stud must be registered as a syndicate with a Principal Racing Authority (PRA) or the horse must be leased to an eligible party for racing purposes. Only under these circumstances can an owner, provided their horse racing activities are conducted as an enterprise and the enterprise is registered for GST, quote the ABN of that enterprise.

If an owner's horse racing activity is conducted as a recreational pursuit or hobby, an ABN cannot be provided and you must declare yourself as a hobbyist. You can only quote an ABN if the ABN is for an enterprise that is racing horses as part of that enterprise.

- Individual members of a syndicate must not provide their own ABN. The syndicate must be registered for GST and provide an ABN.
- If your ABN or GST status change, it is your responsibility to advise Racing Australia by completing the Change of GST Status form.

Is this enterprise GST registered for racing purposes based on the information above?
