2. BUSINESS OVERVIEW

2.1 Nature of the business

GOT is a horse racing company and has purchased one thoroughbred racehorse (the “Horse”) with the intention of managing its racing career, training and racing it. The Horse is 100% owned by the Company.

It is intended that the Company will operate for the career of the Horse, with an expected start date of 15th February 2024, to be extended at the discretion of the Directors or until the Horse retires or has been sold.

The Company intends to generate returns for the Shareholders by effectively managing the Horse’s racing career. This involves engaging and maintaining quality licensed trainers, ensuring the Horse remains healthy, and entering the Horse into appropriate races. The Manager is responsible for managing the Horse’s racing career. Any prize-money won by the Horse will be used in the first instance to pay trainer and jockey expenses. The remainder of the prize- money will be distributed to the Shareholders in the form of dividends. See section 6.4 for more information about the distribution of prize-money.

If an offer is made by a third party to buy the Horse from the Company, the Directors will consider, with consultation from the Manager and the trainers, whether the offer is in the best interests of Shareholders. If the Company considers the offer is in the best interests of Shareholders, Shareholders have a right of first refusal and have the option to purchase the Horse at the offered price.

If in the opinion of the Directors, it is not in the interests of the Shareholders for the Horse to continue to race in a particular class to which the Horse is referable, the Horse will either be sold, or if it is considered to be of no significant commercial value, retired and placed in a good home.

At the end of the Horse’s racing career, the Directors will consider whether the Horse will be sold or transitioned to a breeding programme and will make a recommendation to the Shareholders. A Shareholders’ resolution will then be passed to elect whether to sell the Horse or transition to a breeding programme. In the latter case, the Company may continue for the breeding life of the Horse. If there is no transition to a breeding programme, then the Horse will be sold. If the Horse is a valuable broodmare, it will either be sold through a public auction or to a bloodstock agent. Once the Horse is sold, the Company will be wound up. The sale money will be distributed to creditors and Shareholders in accordance with the Corporations Act.

2.1.1 Thoroughbred industry overview

The Australian racing industry makes a significant contribution to the national gross domestic product, employment and government revenue. The economic activity generated by thoroughbred racing and breeding alone contributes more than \$10 billion to the national GDP and, when included in the agricultural sector, is the fourth largest industry in Australia.

The horse racing industry is a mature industry with over 3,000 registered trainers and 800 jockeys. There are approximately 35,000 horses in Australia participating in about 19,000 races per year with prizemoney totalling \$600 million.

The below graphs show the number of races relative to the total pool of prizemoney, and the increase in the prizemoney pool up until 2018.

The industry is highly regulated. Companies and syndicates operating horse racing businesses are primarily subject to the Australian Rules of Racing administered by Racing Australia Limited. Each Australian State and Territory has a Principal Racing Authority which supervise and licence industry participants. Companies are also subject to the *Corporations Act 2001*. Regulations, racing rules and licensing requirements change from time to time, and the changes could result in the Horse not being able to participate in certain races.

2.1.2 Competitors

Direct competitors to the Company's business include:

- Yarramalong Racing Club Ltd;
- Hancox Racing No 8 Ltd;
- Racing Club No 1 Ltd; and

Syndicates similarly manage, train and racehorses throughout Australia and their horses may race in the same races as the Company's Horse.

The main emphasis is to purchase horses that are correct and sound horses that are athletic. An invoice for the purchase of the Horse is attached to this Prospectus.

The Horse has had an independent veterinarian, Dr Chris Lawler, perform a clinical inspection. The veterinarian has provided a veterinary certificate (attached to this Prospectus) specifying that the Horse is suitable and fit for racing. The veterinarian certificate discloses that the veterinarian does not have any financial or other interest in the Company or the funds to be raised from the Prospectus.

2.2.3 Purchase of the Horse

Group One Thoroughbreds purchased the Horse from Inglis Yearling Classic sale at Warwick Farm NSW using its credit facility. The Horse has been subsequently sold to the Company on credit terms offered by Group One Thoroughbreds (see section 2.6).

The Horse is currently spelling at Cavallo Park after being purchased from the Inglis Classic Sale at Warwick Farm NSW.

2.2.5 Horse naming and registration

The Horse is unregistered. The Horse will be named by the Shareholders and registered once the Shares have been issued in full. The Horse will be registered within 45 days of the Shares being issued in full. Each shareholder will have the option to submit 1 name. Once the list of names submitted by the Shareholders is populated by the Manager, the Manager will forward all names to the shareholders to vote with the top 3 most popular names (in order of preference) and submit them to the Registrar of Racehorses for registration.

2.2.6 Pedigree details

The Horse's sire and dam are as follows:

SIRE – MAURICE (By Screen Hero) Horse of the Year, Champion Sprinter & Champion Miler in Japan in 2015. He won an astonishing 6 Group 1's in his career from 1400-2000m and has stamped his stock with the same quality. Highlighted by Triple Australian Classic winner Hitotsu and Group 1 winning sprinter MAZU.

His 2023 service of \$82,500 is set to increase dramatically as he keeps producing stakes class horses from his small crop. He averaged over \$215,000 at the 2024 Gold Coast Magic Millions Book 1, more than 2.5 times his service fee.

DAM – MAGIC TOUCH (by Redoute's Choice) is unraced. This her third live foal. Dam of two foals to race for both winners.

Magic Touch is by Champion sire and Champion Broodmare sire Redoute's Choice amassing over \$230 million in earnings. His stats are not short of amazing with more than 130 individual stakes winners.

- Providing Shareholders with Race and trial replay (where available, track work and other update reports such as nominations, weights, acceptances, pre-race summary, Race Day services, post-race summary review, representing the Company in relation to race day steward enquiries etc.)
- Arranging times and dates for Shareholders to inspect their horses at the stables or spelling properties.
- Assistance with Race Day ticketing where applicable.
- Maintain professional indemnity insurance.
- Naming and registration of the Horse.
- Transfers of ownership.

2.3.1 Manager's fees

The Manager is paid a flat fee of \$175.00 (incl. GST) monthly for every 2.5% share to cover all expenses (except extra ordinary costs in accordance with section 6.3.1). Each Shareholder is responsible for a portion of the flat fee in accordance with section 6.3.1.

In the event that a Horse is sold, the Manager is also entitled to a sale fee of 10% (plus GST) of the sale price.

2.4 Significant dependencies

The Company is dependent upon key services provided by the Manager (see section 2.3) and the trainers engaged to provide training services. More details are set out regarding the trainers below.

2.4.1 Proposed trainer/s

Gerald Ryan and Stirling Alexiou is the proposed trainers for the Horse. A trainer's agreement between Gerald Ryan and Stirling Alexiou Racing and the Company has been executed. A letter of consent to train the Horse from the proposed trainers is attached to this Prospectus.

The contact details are as follows:

The contact details are as follows:
Ryan and Alexiou Racing
Address: Unwin Street, Rosehill NSW 2142
Phone: 0419 394 419

Gerald Ryan was a former top jockey and has vast experience as a trainer preparing feature race winners

throughout the country including the Group 1 winners such as Clangalang, Snitzel, Hurricane Sky, Arctic Scent, Peggy Jean and Melito, just to name a few. His current success comes with the likes of Hot Snitzel, Flying Snitzel, Snitzerland, Rubick and Trapeze Artist.

Gerald has won some of the best Group 2 races on the racing calendar such as: Blue Diamond Stakes (twice), Caulfield Cup, AJC Derby, Epsom Handicap, Oakleigh Plate, TJ Smith, Queensland Oaks (twice), the C F Orr Stakes and more recently the TJ Smith Stakes.

Gerald Ryan has 60 state of the art stables on course at Rosehill Gardens. Rosehill Gardens has the state-of-the-art facilities to train, including two ten horse walkers, 50 metre swimming pool and 5 training tracks to choose from plus special access to the course proper once a week. One of Gerald's most recent successes is with Trapeze Artist winning the Group 1 TJ Smith Stakes.

2.5 Strategy and plans

The Company has been set up to purchase the Horse and manage its entire racing career. The Company is offering Shareholders the opportunity to receive any benefit of race winnings and potential future breeding revenue and proceeds (after expenses).

2.6 Finance arrangements.

The Company purchased the Horse from Group One Thoroughbreds using a credit facility provided by Group One Thoroughbreds to enable the Company to pay the purchase price of the Horse and cover the running costs of the Horse until the Company has raised sufficient capital to cover these expenses. The terms of the credit facility are as follows:

- \$79,800 in borrowings available under the credit facility.
- Drawn down funds are not subject to interest.
- The credit facility is provided on an unsecured basis.
- The Company must apply future capital raised under the Offer to repay any amounts drawn down under the credit facility at which time the facility will be terminated.

2.7 Valuation

A valuation by a qualified bloodstock valuer does not accompany this Prospectus as the Horse was acquired by Group One Thoroughbreds at a public auction and there is no conflict of interest in relation to the purchase.

3. RISK FACTORS

3.1 Business risk factors

3.1.1 Horse racing risks

The following risks could impact the ability of the Horse to participate in races:

- Injury to the Horse in the course of its training or when participating in races;
- Sickness, disease or death of the Horse;
- The Horse could prove unsuitable for horse racing; and
- The cost of racing, including managing and training the Horse could increase leading to a reduction in any returns to Shareholders.

Horses can get sick, lame, suffer from disease, feeding disorders, pests or parasites and be unable to race or train for extended periods of time. As a result, the Company may incur significant unexpected expenses such as vet bills and rehabilitation costs. Injury or illness can affect any horse and can reduce or end a horses racing career or ability to produce as a Broodmare.

High class races have a much lower rate of injury than low class races. While this could be attributed to many factors, including the quality of the horse, economics, or medications, the trainer still must make the decision to run a horse or not to run a horse. Because leading trainers consistently get the best horses, injury rates by race class should correspond to injury rates by trainer.

Race Class	Career Ending Injury Rate	Career Ending Injuries	Starts
High	2.27%	553	243,854
Low	4.11%	2,566	624,265

Source: "Trends in Equine Mortality, 1998-2005"

https://www.aphis.usda.gov/animal_health/nahms/equine/downloads/equine05/Equine05_is_Mortality.pdf

If the Horse is unable to participate in a race, the amount of dividends payable is likely to be lower because there will be no prize money attributable to that race. If the Horse is no longer suitable for horse racing because it is permanently injured or suffers from sickness or disease, the Horse will likely be sold at a loss, and this will significantly impact the distributions Shareholders receive upon wind up of the Company.

3.1.2 Reliance on directors and key persons

The Company has no operating history and relies on the skills of the directors, trainers of the Horse and Group One Thoroughbreds to manage the racing career of the Horse. An investment in the Company is therefore heavily dependent on the directors and these other key persons.

The trainers of the Horse are engaged by the Company in accordance with the trainers' standard terms of trade. These standard terms allow the trainers to terminate for convenience on short notice. If this happens, the Horse may be left without a trainer until new trainers are engaged, and the terms of engagement may be on less favourable terms. However, it is likely that Group One Thoroughbreds can secure alternative successful and qualified trainers by using its existing networks and experience in the industry. There will also be delays in the Horse commencing its racing career, with a corresponding increase in expenses and no ability to win prize money for a period.

The Company's ability to effectively manage the Horse's racing career and perform the necessary administrative functions depends upon the performance and expertise of the directors and Group One Thoroughbreds. The loss of these key personnel, or any delay in their replacement, may adversely affect the Horse's performance or eligibility to participate in races, and this will have a negative impact on the amount of dividends to be distributed.

3.1.3 Downturn in horseracing industry

The state of the horseracing industry is largely correlated with the health of the domestic economy. If there is a downturn in economic activity, it is likely that the pool of prizemoney, the level of investment in the industry and the value of the Horse will decrease. This means that upon selling the Horse, the Company will receive less sale proceeds than if the state of the horseracing industry was healthier.

3.1.4 Changes in legislation and regulations

Changes in legislation and regulations such as the Australian Rules of Racing could affect the Horse's ability to participate in races, and therefore could affect the amount of Shareholder returns. In addition, the Company could be subject to additional legal or regulatory requirements if its business, operations or geographic reach expand in the future.

The Company is primarily subject to the Australian Rules of Racing administered by Racing Australia Limited. Each Australian State and Territory has a Principal Racing Authority which supervise and licence industry participants. The Company is also subject to the *Corporations Act 2001*. Legislation and racing rules change from time to time, and the changes could result in the Horse not being able to participate in certain races. This means the Horse will have less chance to win prize money, which will negatively impact on the amount of dividends available for distribution.

3.2 Investment risk factors

3.2.1 No guarantee of returns

Any person investing in shares in the Company should be aware that horse racing is a speculative venture with no guarantee of returns. A person subscribing to this offer should regard their shares as an entry in to racing horses for entertainment value rather than returns. There is also a risk to capital, for example, if the Horse proves unfit for racing, it may be sold off for a price less than its cost-plus ongoing expenses. The best pedigree and training also cannot guarantee a winning horse. The Horse could simply lack the desire or ability to perform at the necessary level.

3.2.2 Trading in Shares may not be liquid

As shares in the Company are not listed on any stock exchange, there is no liquid market for the shares.

Shareholders may sell their shares to a third party or an existing Shareholder. To facilitate this, the Company will maintain a register of the shares that any Shareholder wishes to make available for sale and will inform any prospective purchaser who expresses an interest. However, the Company is legally constrained from soliciting for purchasers on behalf of sellers or otherwise make a market for shares.

Group One Thoroughbreds - Jeremy Azzopardi

Po Box 9570 WYOMING NSW 2250

Dear Mr J. Azzopardi

RE: Training 2022 Maurice x Magic Touch filly

I, Gerald Ryan and Sterling Alexiou hereby agree to train the 2022 Maurice out of Magic Touch filly from my stables at Rosehill for the syndicate being formed by Group One Thoroughbreds in accordance with my standard terms of trade.

Sire Maurice, Horse of the Year, Champion Sprinter & Champion Miler in Japan in 2015. He won an astonishing 6 Group 1's in his career from 1400-2000m and has stamped his stock with the same quality. Highlighted by Triple Australian Classic winner Hitotsu and Group 1 winning sprinter MAZU. His 2023 service of \$82,500 is set to increase dramatically as he keeps producing stakes class horses from his small crop. He averaged over \$215,000 at the 2024 Gold Coast Magic Millions Book 1, more than 2.5 times his service fee.

Dam Magic Touch by Redoute's Choice is unraced. This her third live foal. Dam of two foals to race for both winners,

Magic Touch is by Champion sire and Champion Broodmare sire Redoute's Choice amassing over \$230 million in earnings. His stats are not short of amazing with more than 130 individual stakes winners.

She is a lovely style of filly, I was taken by her strength at the sale. This filly is also eligible for BOBS Bonus Scheme and Inglis race series. Group One Thoroughbreds, in my opinion has bought extremely well. We like this filly and recommend her to any prospective buyer considering becoming an owner.

I look forward to having great success with her and this syndicate.

VETERINARY REPORT

Horse: Maurice x Magic Touch '22

Signalment: Bay yearling filly

Brands: Left shoulder = H half lower P conjoined
Right shoulder = 14 over 2

Microchip: 985125000133108

Examined at: HP Thoroughbreds Barn H, Inglis, Warwick Farm, NSW, 2170

At the request of *Mr Jeremy Azzopardi* as agent for Group 1 Thoroughbreds, a veterinary examination of the above horse was undertaken at the Inglis Sales Complex, Warwick Farm, New South Wales on the 12th February, 2024. The purpose of the examination was to provide a Veterinary Certificate for inclusion in the Product Disclosure Statement (PDS) for syndication by Group 1 Thoroughbreds.

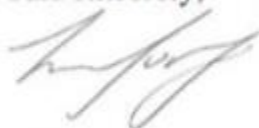

Clinical Examination

The clinical examination included heart, ophthalmic eye examination, teeth examination, limb flexion and joint palpation which were normal. The examination also included a review of the radiographs for the above horse provided in the repository. The horse was examined at rest and at the walk. There was no evidence of previous abdominal surgery, infection or disease, lameness, laminitis or ataxia.

In my opinion, at this time, the Maurice x Magic Touch '22 presented as suitable for purchase as a racehorse as can be determined from the examination performed as described. Maurice x Magic Touch '22 is suitable for public syndication and mortality insurance.

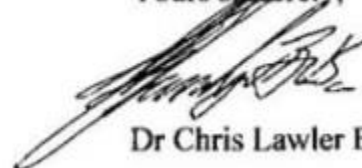

I confirm that I do not have any current or intended future financial or other interest in the above mentioned horse, the proposed syndication or Group 1 Thoroughbreds and this letter may be relied upon by prospective investors who invest in the horse.

Yours sincerely,

Dr Trent Jorgensen B.V.Sc

Yours sincerely,

Dr Chris Lawler BVSc

This certificate has been prepared for inclusion in the disclosure statement issued by the Syndicate and at the time of examination can be relied upon as a true document. The issuing veterinarian has no financial or other interest in the Syndicate or monies raised by the Syndicate. The examination was performed using EVA guidelines.

Should any Shareholder neglect payment of the Ongoing Expenses as described in Section f of the PA for a period in excess of fourteen (14) days, the following may occur:

i. If payment defaults on or around the 1st of the month (when payment is due), Group One's Accounts Department will contact the Defaulting Shareholder via email, mail or fax to issue an Overdue Notice reminder for the failure of payment giving the Defaulting Shareholder 7 days to forward full payment of the outstanding amount. Should payment not be received within that 7-day period, a second Overdue reminder, requesting immediate payment and suspension of updates. Should payment not be received within that 7-day period a Default Notice, requesting immediate payment, will be issued via email or fax and a formal letter will be posted by the Syndicate Manager, giving the Defaulting Shareholder a further 7 days to make contact with Group One's Accounts Department to finalise their outstanding account. Should payment not be received within that 7-day period, a Second Default Notice will be issued, giving the Defaulting Shareholder a further 7 days to make payment. The Shareholder must still pay their new statement by the 1st of the next month. Should payment not be received within that 14-day period, a Final Notice (Share Repossession Pending) will be issued via email or fax and a formal letter will be posted by the Syndicate Manager, giving the Defaulting Shareholder a final 7 days to make payment of the total amount owing. Failure to comply with the Final Notice (Share Repossession Pending), will result in proceedings by Group One Thoroughbreds to confiscate and take possession of the shareholdings of the Defaulting Shareholder to recover any outstanding debts, by means of sale of the shares by Public Offer. Without any further notice, the

Defaulting Shareholder shall cease to be a Shareholder and will have no interest in the assets and income of this said Partnership. The Syndicate Manager has the right to suspend a Shareholder's entitlement whilst in default.

ii. Should the Defaulting Shareholder's payments fail 3 times within a 12-month period, then they may forfeit any rights and privileges of the Partnership and furthermore, the Syndicate Manager will have the right to sell the shareholding/s by Public Offer at the Defaulting Shareholder's expense to recover the debt of the Defaulting Shareholder. The Defaulting Shareholder will not be entitled to receive any compensation for the confiscated or repossessed interest in the Partnership or receive any further payment out of the assets or profits of the Partnership.

iii. Shareholders who pay their monthly fees via direct deposit are advised that should their payment be late over 2 consecutive months; they lose the privilege of paying directly and will be placed back onto our direct debit payment method which is a policy of Group One Thoroughbreds.

iv. If a shareholder defaults on payment and is overdue more than 30 days, interest at the rate of 10% per annum will be charged and invoiced in the following month.

v. The purchase and sale of the Share/s of the Defaulting Shareholder will be effective as soon as practicable after the price has been determined and the Syndicate Manager will execute as trustee of the Defaulting Shareholder all such documents and do all things as are necessary to complete such sale and purchase. The Shareholder in default hereby nominates, constitutes and appoints the Syndicate Manager under power of attorney to execute and implement procedures as will be necessary to sell, convey and assure a buyer the Share or Shares so sold.

Fees on early termination are payable up to and including the final date of the Shareholder's Ownership.

h. Ownership, Redemption and Withdrawal

Ownership

Each Shareholder of not less than 5% of the horse will be entitled to have his/her name appear in the race book as a co-Shareholder of the horse. If a share is owned jointly by 2 or more people, the Syndicate Manager will be entitled to require those persons to, at their own cost, register an ordinary syndicate and to own the share in the name of that syndicate.

Each Shareholder hereby authorises the Syndicate Manager to do all things required to be done by a Shareholder in order to conform to the requirements of this Partnership Agreement and the Rules of Racing, including without restriction, authority to sign on behalf of the Shareholder all documentation required to be signed by the Shareholder and lodged with the Registrar of Racehorses to give effect to any application for registration of the Horse and/or transfer of ownership.

Shareholders in this Racing Partnership subscription must be aware that when purchasing a share/s you become the Shareholder of that said share/s. Shareholders are obligated for the life of the Syndicate as Shareholders of the share/s and are not permitted to rescind on their obligations and must adhere to the Proposed/Estimated Ongoing Expenses and Other Obligations in **Section F** of the Partnership Agreement. Shareholders will have no right to have your shares in the Syndicate redeemed or bought back prior to the termination or winding up the syndicate.

Before purchasing a share, each Shareholder should consider the purchase of the share as a long-term investment for the life of the Syndicate. The Syndicate Manager will not be obligated to sell a share on behalf of the Shareholder.

A Shareholder will be able to offer their share/s privately for purchase providing the Syndicate Manager approves the buyer and adheres to the Syndicate Agreement. The transaction of the sale is still conducted internally by Group One Thoroughbreds. The Syndicate Manager can assist Shareholders with selling their shares by providing details of the industry approved online auction sites. The Syndicate Manager will not provide on request a shareholder or issue invitations to buy Shares unless the prospective purchaser is provided with a Syndicate Agreement prepared by the Syndicate Manager in accordance with the provisions of the Syndicate Agreement. There will be no ready market for the Shares.

The Syndicate Manager will not be obliged to sell a Share/s on behalf of a Shareholder and does not have a market to sell named or tried horses. Group One Thoroughbreds or external participants may make an offer to purchase the existing Shareholders share/s and if agreed upon by both parties, will take over the resale shares and the risk from the date of the Transfer of Ownership. Group One Thoroughbreds or any external participant may seek the market to resell the share/s or keep and race the horse.

In the event that a shareholder has made the decision sell his/her share/s, they must adhere to the Proposed/Estimated Ongoing Expenses and Other Obligations, continue paying their obligation for upkeep of their horse until such time the share/s has been officially sold and/or transferred over to the new shareholder.

i. The Manager's Responsibilities

a) The Manager is Group One Thoroughbreds. The Director of Group One Thoroughbreds is Jeremy Azzopardi. The Manager is responsible for all aspects of the management of the racing career of the Horse, the management of communications between the Manager and the stables and will make decisions on behalf of the Shareholders pertaining to the Horse on offer.

b) The Manager shall be the first registered Shareholder in the Racing Partnership. The Manager's duties include:

- i. Liaising with the Trainer and keeping all Shareholders current with the progress of the Horse.
 - ii. Keeping a register noting the names and addresses of each Shareholder and the number of shares held by each, the date on which the Shareholder entered in the Register of Racehorses and the date on which any person ceased to be a Shareholder.
 - iii. Notifying the Principal Racing Authority and Registrar of Racehorses in writing of every change in a Shareholder of the Racing Partnership, every change in the percentage of a Shareholder's Share in the Racing Partnership and every change in a Shareholder's address within a period of FOURTEEN (14) days of the change.
 - iv. Complying punctually in all respects with the requirements of the Rules of Racing, local Rules of Racing, the Principal Racing Authorities, the Registrar of Racehorses, ASIC and the Corporations Act 2001 from time to time in relation to the Horse and the Racing Partnership.
 - v. Representing the Shareholders in any official barrier draws, trophy presentations and any promotions/media events regarding the Horse.
- c) The Manager may at any time give the Shareholders not less than one months' notice in writing of his/her intention to retire as Manager and will cease to have any rights and obligations as Manager from the date of that notice.

j. Distribution from Sale or Stud and or Breeding

In the event that the Horse is sold, a 10% (plus gst) sale fee of the sale price is payable by the Shareholders to Group One Thoroughbreds. (Should a valuation be required to determine the sale price, this will be acquired at the Shareholder's expense, by a bloodstock valuer who is a member of the Federation of Bloodstock Agents (FBA). Should the Horse go to Stud and or Breeding, Group One Thoroughbreds will be eligible to TWO (2) lifetime service rights per annum for the lifetime of the standing stallion and 10% (plus gst) of the sale price (only in the event of the horse being an entire and being retired to stud).

Irrespective of whether or not the Syndicate Manager, being Group One Thoroughbreds, is voted off as the syndicate manager of the Horse, Group One Thoroughbreds will have the right to negotiate stud and breeding of the said Horse of this Partnership Agreement.

End of the Horses career – Shareholders will vote to retire or sell the Horse. Group One Thoroughbreds has the discretion and first right of refusal to put together an offer to purchase the Horse from the Shareholders and/or give all Shareholders the opportunity to remain Shareholders in the partnership or sell or relinquish their shares.

k. Meetings/Decisions

i. In the event that the horse is a colt/entire and the horse needs to be gelded all shareholders must achieve a 51% majority vote (if the vote is tied, the Syndicate Manager has the casting vote) to keep the horse as an entire unless written expert advice is obtained by a veterinarian, trainer and the Syndicate Manager that the necessity of the horse requires to be gelded due to the well-being of the horse and safety of the track riders and training staff.

ii. The trainer, as stated in Section 2.3.1 of the Prospectus, is the first appointee by the Syndicate Manager. The Syndicate Manager will arrange for the trainer to train the horse and prepare the horse for training. The Syndicate Manager may at any time, remove the trainer and either engage the services of another appropriately licensed person to act in that capacity. The new trainer may be interstate and not within the same jurisdiction of the initial trainer. The Syndicate Manager will confer with all Shareholders with regards to a change of trainer before a decision is made.

iii. In the event that a Shareholder has made the decision to leave or sell his or her share, they must first offer the sale of that share/s within the syndicate. Under no circumstances is it the responsibility of Group One Thoroughbreds to sell the share/s on behalf of the shareholder. It is the full responsibility of the Shareholder to maintain their shareholding until such time that the share is sold. It is an ownership much like the purchase of a property or home and is for the term of the racing career of the horse.

iv. Group One Thoroughbreds can be removed or replaced as Manager of the Career of the Horse if a memorandum signed by the shareholders representing a majority interest in the Horse (that is, a vote by Shareholders with an interest of more than 50% in the Horse) votes for their removal. In the event where a manager is removed or replaced, Group One Thoroughbreds will cease to provide the services referred to AR 63(2) of the Australian Rules of Racing. These services include:

- entering, nominating, accepting, or scratching such Horse for any race.
- engage a jockey to ride such Horse for any race.
- receive any prize money or trophy won by such Horse; or
- act for and represent the joint Shareholders, lessees, or Shareholders in relation to the Horse in all respects for the purpose of the Rules.

Group One Thoroughbreds will continue to act as Manager of the Syndicate to provide the remaining services expressed in Section i of the RPA. That is, the Manager is responsible for all aspects of the management of the racing Career of the Horse, preparation of the Syndicate's annual accounts for submission to the

Lead Regulator, the management of communications between the Shareholders and the Stables, and the provision of all administrative services and trust accounts of the syndicate.

If Group One Thoroughbreds is removed as the Manager of the Horse, it does not give up its entitlements to the disclosed stud fee, breeding or sale fee as per Section j of the RPA.

Management of the Horse and the Syndicate will continue by Group One Thoroughbreds up until all shareholders have paid the termination fee in full. This early termination fee is enforced as a charge to compensate us for failure to satisfy the contract by the syndicate Shareholders.

We will not charge you an early termination fee if it is a result of a proven material breach pursuant to Section i of the RPA.

vi. A Shareholder or Shareholders who own not less than 30% of the Shares may either call a meeting of Shareholders or request the Syndicate Manager to call a meeting of Shareholders, upon giving at least 21 days written notice to the other Shareholders, the Syndicate Manager and the Racing Manager. In the event the Syndicate Manager receives such a request, the Syndicate Manager must within 14 days of receipt thereof, call a meeting of Shareholders, which must be held within 1 month of receipt of the request.

vii. A voting resolution binds all Shareholders, whether or not they participate. No objection may be made to any vote cast unless the objection is made at the time of convening. The decision of the Syndicate vote on any matter is final.

I. Prize-money Distribution

All prizemoney won by the Horse will be deposited into the managed account of the horse and distributed into the shareholders account by Group One Thoroughbreds.

The Manager **DOES NOTE** take any of the prize money, breeders' bonus or incentive scheme payments.

In accordance with the Rules of Racing in Australia, prize-money is distributed to the Shareholders after remunerations are distributed to the trainer, jockey, welfare program and jockey insurance, and the withholding of any funds required to cover major race acceptances for which the Horse is eligible or nominated. The percentages are automatically determined by each state and may vary from State to State.

Buy Now Pay Later (Interest Free Payment Plan)

How it works:

1. A 25% deposit of the Share Price is payable upfront on sign up.
2. The balance of the Share Price to be paid over 3 equal monthly instalments commencing the following month after the initial 25% deposit is paid on sign up.
3. Interest Free Terms

Repayment Schedule:

1. If an owner purchases their share between the 1st and 15th of the month, their instalments will be due on the 15th of the following 2 months.
2. If an owner purchases their share between the 16th and the end of the month, their instalments will be due on the 30th of the following 2 months.

Default Schedule:

1. If a Shareholder defaults, they will be issued a Default Notice giving the Defaulting Shareholder 7 days to make payment.
2. If no payment is received, the Defaulting Shareholder will be sent a Final Notice – Share Repossession Pending, giving a further 7 days to pay.
3. If payment is still not received after the 7 days, a notice to repossess is issued to advise the Defaulting Shareholder that the share/s have been confiscated and sold by means of Public Offer to recover the balance outstanding for the share/s.
