## **2. BUSINESS OVERVIEW**

### **2.1 Nature of the business**

GOT is a horse racing company and has purchased one thoroughbred racehorse (the “Horse”) with the intention of managing its racing career, training and racing it. The Company holds a racing syndicate licence issued by Racing Victoria Limited, which allows the Horse to be raced at tracks throughout Australia under the Company’s name. The Horse is 100% owned by the Company.

It is intended that the Company will operate for the career of the Horse, with an expected start date of 31st January 2024, to be extended at the discretion of the Directors or until the Horse retires or has been sold.

The Company intends to generate returns for the Shareholders by effectively managing the Horse’s racing career. This involves engaging and maintaining quality licensed trainers, ensuring the Horse remains healthy, and entering the Horse into appropriate races. The Manager is responsible for managing the Horse’s racing career. Any prize-money won by the Horse will be used in the first instance to pay trainer and jockey expenses and expenses relating to the management of the Horse. The remainder of the prize-money will be distributed to Shareholders in the form of dividends. See section 6.4- for more information about the distribution of prizemoney.

If an offer is made by a third party to buy the Horse from the Company, the Directors will consider, with consultation from the Manager and the trainers, whether the offer is in the best interests of Shareholders. If the Company considers the offer is in the best interests of Shareholders, Shareholders have a right of first refusal and have the option to purchase the Horse at the offered price.

If in the opinion of the Directors, it is not in the interests of the Shareholders for the Horse to continue to race in a particular class to which the Horse is referable, the Horse will either be sold, or if it is considered to be of no significant commercial value, retired and placed in a good home.

At the end of the Horse’s racing career, the Directors will consider whether the Horse will be sold or transitioned to a breeding programme and will make a recommendation to the Shareholders. A Shareholders’ resolution will then be passed to elect whether to sell the Horse or transition to a breeding programme. In the latter case, the Company may continue for the breeding life of the Horse. If there is no transition to a breeding programme, then the Horse will be sold. If the Horse is a valuable broodmare, it will either be sold through a public auction or to a bloodstock agent. Once the Horse is sold, the Company will be wound up. The sale money will be distributed to creditors and Shareholders in accordance with the Corporations Act.

#### **2.1.1 Thoroughbred industry overview**

The Australian racing industry makes a significant contribution to the national gross domestic product, employment and government revenue. The economic activity generated by thoroughbred racing and breeding alone contributes more than \$10 billion to the national GDP and, when included in the agricultural sector, is the fourth largest industry in Australia.

The horse racing industry is a mature industry with over 3,000 registered trainers and 800 jockeys. There are approximately 35,000 horses in Australia participating in about 19,000 races per year with prizemoney totalling \$600 million.

The below graphs show the number of races relative to the total pool of prizemoney, and the increase in the prizemoney pool up until 2020.

The industry is highly regulated. Companies and syndicates operating horse racing businesses are primarily subject to the Australian Rules of Racing administered by Racing Australia Limited. Each Australian State and Territory has a Principal Racing Authority which supervise and licence industry participants. Companies are also subject to the *Corporations Act 2001*. Regulations, racing rules and licensing requirements change from time to time, and the changes could result in the Horse not being able to participate in certain races.

Direct competitors to the Company's business include:

- Yarramalong Racing Club Ltd;
- Hancox Racing No 8 Ltd;

Kensington NSW 2033  
Phone: 02 9662 1488

Gai has gone on to achieve as much as humanly possible with racehorses. While many would rest on their laurels after such success, Gai simply wants to win more and more. Owners can rest assured that the Lady Trainer wants to win races just as much if not more than they do!

Confirmation of this dedication to excellence came after just fifteen years of training when Gai was inducted into the Australian Racing Hall of Fame (2007). As we stand, in just over 20 years of training, Gai has amassed over 135 Group One wins and currently sits third on the all-time list (Group One winners) behind T.J. Smith and Bart Cummings.

By far Gai's greatest achievements have been recorded in the best races of the year in both Melbourne and Sydney. Gai has won Sydney's two best races, the Golden Slipper and Doncaster Handicap six and seven times respectively. Gai is by far the most successful trainer ever in the Sydney Spring. 'Make hay while the sun shines' is a phrase one often can hear Gai quoting. This attitude is reflected by Gai's results in the best races contested during the Sydney Spring Carnival. The Flight Stakes (7 wins), the Epsom Handicap (7 wins) and the Metropolitan Handicap (8 wins) have become races at the mercy of Gai each year.

Gai & Adrian give each and every horse that comes into their care every possible chance to succeed. Only six horses in the history of Sydney racing have won the two-year-old Triple Crown and Gai has trained two of them (Dance Hero 2004 and Pierro 2012). Gai in fact has won more Group One races for two-year-olds than any other trainer.

Gai Waterhouse along with Adrian Bott, have had 2293 winners to date with a great career strike rate of 19.4% including 158 Group 1 winners and 7 Golden Slippers. In the past decade, the pair have made more than \$181 million in prizemoney.

## **2.5 Strategy and plans**

The Company has been set up to purchase the Horse and manage its entire racing career. The Company is offering Shareholders the opportunity to receive any benefit of race winnings and potential future breeding revenue and proceeds (after expenses).

## **2.6 Finance arrangements**

The Company purchased the Horse from Group One Thoroughbreds using a credit facility provided by Group One Thoroughbreds to enable the Company to pay the purchase price of the Horse and cover the running costs of the Horse until the Company has raised sufficient capital to cover these expenses. The terms of the credit facility are as follows:

- \$79,800 in borrowings available under the credit facility.
- Drawn down funds are not subject to interest.

- The credit facility is provided on an unsecured basis.
- The Company must apply future capital raised under the Offer to repay any amounts drawn down under the credit facility at which time the facility will be terminated.

## 2.7 Valuation

A valuation by a qualified bloodstock valuer does not accompany this Prospectus as the Horse was acquired by Group One Thoroughbreds at a public auction and there is no conflict of interest in relation to the purchase.

## 3. RISK FACTORS

### 3.1 Business risk factors

#### 3.1.1 Horse racing risks

The following risks could impact the ability of the Horse to participate in races:

- Injury to the Horse in the course of its training or when participating in races;
- Sickness, disease or death of the Horse;
- The Horse could prove unsuitable for horse racing; and
- The cost of racing, including managing and training the Horse could increase leading to a reduction in any returns to Shareholders.

Horses can get sick, lame, suffer from disease, feeding disorders, pests or parasites and be unable to race or train for extended periods of time. As a result, the Company may incur significant unexpected expenses such as vet bills and rehabilitation costs. Injury or illness can affect any horse and can reduce or end a horses racing career or ability to produce as a Broodmare.

High class races have a much lower rate of injury than low class races. While this could be attributed to many factors, including the quality of the horse, economics, or medications, the trainer still must make the decision to run a horse or not to run a horse. Because leading trainers consistently get the best horses, injury rates by race class should correspond to injury rates by trainer.

| Race Class | Career Ending Injury Rate | Career Ending Injuries | Starts  |
|------------|---------------------------|------------------------|---------|
| High       | 2.27%                     | 553                    | 243,854 |
| Low        | 4.11%                     | 2,566                  | 624,265 |

If the Horse is unable to participate in a race, the amount of dividends payable is likely to be lower because there will be no prize money attributable to that race. If the Horse is no longer suitable for horse racing because it is permanently injured or suffers from sickness or disease, the Horse will likely be sold at a loss, and this will significantly impact the distributions Shareholders receive upon wind up of the Company.

#### 3.1.2 Reliance on directors and key persons

The Company has no operating history and relies on the skills of the directors, trainers of the Horse and Group One Thoroughbreds to manage the racing career of the Horse. An investment in the Company is therefore heavily dependent on the directors and these other key persons.

The trainers of the Horse are engaged by the Company in accordance with the trainers' standard terms of trade. These standard terms allow the trainers to terminate for convenience on short notice. If this happens, the Horse may be left

without a trainer until new trainers are engaged, and the terms of engagement may be on less favourable terms. However, it is likely that Group One Thoroughbreds can secure alternative successful and qualified trainers by using its existing networks and experience in the industry. There will also be delays in the Horse commencing its racing career, with a corresponding increase in expenses and no ability to win prize money for a period.

The Company's ability to effectively manage the Horse's racing career and perform the necessary administrative functions depends upon the performance and expertise of the directors and Group One Thoroughbreds. The loss of these key personnel, or any delay in their replacement, may adversely affect the Horse's performance or eligibility to participate in races, and this will have a negative impact on the amount of dividends to be distributed.

### **3.1.3 Downturn in horseracing industry**

The state of the horseracing industry is largely correlated with the health of the domestic economy. If there is a downturn in economic activity, it is likely that the pool of prizemoney, the level of investment in the industry and the value of the Horse will decrease. This means that upon selling the Horse, the Company will receive less sale proceeds than if the state of the horseracing industry was healthier.

### **3.1.4 Changes in legislation and regulations**

Changes in legislation and regulations such as the Australian Rules of Racing could affect the Horse's ability to participate in races, and therefore could affect the amount of Shareholder returns. In addition, the Company could be subject to additional legal or regulatory requirements if its business, operations or geographic reach expand in the future.

The Company is primarily subject to the Australian Rules of Racing administered by Racing Australia Limited. Each Australian State and Territory has a Principal Racing Authority which supervise and licence industry participants. The Company is also subject to the *Corporations Act 2001*. Legislation and racing rules change from time to time, and the changes could result in the Horse not being able to participate in certain races. This means the Horse will have less chance to win prize money, which will negatively impact on the amount of dividends available for distribution.

## **3.2 Investment risk factors**

### **3.2.1 No guarantee of returns**

Any person investing in shares in the Company should be aware that horse racing is a speculative venture with no guarantee of returns. A person subscribing to this offer should regard their shares as an entry in to racing horses for entertainment value rather than returns. There is also a risk to capital, for example, if the Horse proves unfit for racing, it may be sold off for a price less than its cost-plus ongoing expenses. The best pedigree and training also cannot guarantee a winning horse. The Horse could simply lack the desire or ability to perform at the necessary level.

### **3.2.2 Trading in Shares may not be liquid**

As shares in the Company are not listed on any stock exchange, there is no liquid market for the shares. Shareholders may sell their shares to a third party or an existing Shareholder. To facilitate this, the Company will maintain a register of the shares that any Shareholder wishes to make available for sale, and will inform any prospective purchaser who expresses an interest. However, the Company is legally constrained from soliciting for purchasers on behalf of sellers or otherwise make a market for shares.

All prize-money won by the Horse will be deposited into the managed account of the Horse and distributed as into the Shareholder's account by Group One Thoroughbreds.

In accordance with the Rules of Racing in Australia, prize-money is distributed to the Shareholders after remunerations are distributed to the trainer, jockey, welfare program and jockey insurance, and the withholding of any funds required to cover major race acceptances for which the Horse is eligible or nominated. The percentages are automatically determined by each state and may vary from State to State.

Group One Thoroughbreds **DOES NOT** take any prize money.

##### **6.4.1-Distribution from sale of Horse**

In the event that the Horse is sold, the Company will be wound up and distributions to Shareholders will be made in accordance with the Corporations Act.

##### **6.4.2-Trophies and prize distribution**

In an event the Horse wins a trophy, the Manager will receive the original trophy in accordance with the Rules of Racing (AR.63(2)(c)) and will be entitled to retain it. If any Shareholder wishes to acquire a replica of the trophy, the Manager will endeavour to procure the same at a reasonable price and provide to such Shareholder the details of the supplier of the trophy. The Shareholder is responsible for paying for the replica trophy which they requested

If there is an item that is not listed in the racebook with a dollar value, such as a saddle cloth or rug, such items will be auctioned off and the proceeds of the auction will be distributed to one or more industry related charity organisations at Group One Thoroughbreds' discretion. Dear Mr J. Azzopardi

RE: Training 2023 Kings Legacy out of Ailuros filly

I, Gai Waterhouse and Adrian Bott, hereby agree to train the 2023 Kings Legacy out of Ailuros filly from my stables at Randwick for the syndicate being formed by Group One Thoroughbreds in accordance with my standard terms of trade.

The Yearling by Kings Legacy was purchased from the Magic Millions Gold Coast sales. He won 3 races at 2 including the Group 1 Sire Produce and the Group 1 Champagne Stakes. He was a beautiful style of colt.

The dam, Ailuros by One Cool Cat a 3-time winner. She has had 3 foals to race for 2 winners. She is out of a Zabeel mare. Her pedigree runs deep being closely related to Lankan Rupee, 5-time Group 1 winner.

She is a gorgeous filly with a great action and extremely athletic. She looks very versatile and has scope. She is nominated for the Magic Millions Race Series and BOBS eligible.

I recommend her to any prospective buyer considering becoming an owner.

I look forward to having great success with him and this syndicate.

Regards,

**Gai Waterhouse**

**VETERINARY CERTIFICATE**

Horse: King’s Legacy x Ailuros ‘23

Signalment: Bay yearling filly

Brands: Left shoulder = GB over a bar  
Right shoulder = 16 over 3

Microchip: 985100012226265

Examined at: Murrulla Stud, Stable QC, Magic Millions, Bundall, QLD

At the request of *Mr Jeremy Azzopardi*, as agent for Group One Thoroughbreds, a veterinary examination of the above horse was undertaken at the Magic Millions Complex, Bundall, Queensland on the 13<sup>th</sup> January, 2025. The purpose of the examination was to provide a Veterinary Certificate for inclusion in the Product Disclosure Statement (PDS) for syndication by Group One Thoroughbreds.

**Clinical Examination**

The clinical examination included heart, ophthalmic eye examination, teeth examination, limb flexion and joint palpation which were normal. The examination also included a review of the radiographs for the above horse provided in the repository. The horse was examined at rest and at the walk. There was no evidence of previous abdominal surgery, infection or disease, lameness, laminitis or ataxia.

In my opinion, at this time, the King’s Legacy x Ailuros ’23 presented as suitable for purchase as a racehorse as can be determined from the examination performed as described. King’s Legacy x Ailuros ’23 is suitable for public syndication and mortality insurance.

I confirm that I do not have any current or intended future financial or other interest in the above-mentioned horse, the proposed syndication or Group One Thoroughbreds and this letter may be relied upon by prospective investors who invest in the horse.

Yours sincerely,

Dr Trent Jorgensen B.V.Sc

Yours sincerely,

Dr Chris Lawler BVSc

This certificate has been prepared for inclusion in the disclosure statement issued by the Syndicate and at the time of examination can be relied upon as a true document. The issuing veterinarian has no financial or other interest in the Syndicate or monies raised by the Syndicate. The examination was performed using EVA guidelines.

**D. Nature of Shareholdings**

- a. The Horse shall be owned by the Shareholders, the equivalent of 100%.
- b. No person disqualified under the Rules of Racing shall be eligible to become or to continue as a member of the Partnership.

**E. Naming of Horse**

The Horse is unregistered. The Horse will be named by the Shareholders and registered once the Shares have been fully sold. The horse will be registered within 45 days of the Shares becoming fully sold or at the discretion of the Syndicate Manager. Each shareholder will have the option to submit 1 name. Once the list of names submitted by the Shareholders is populated by the Manager, the Manager will select the top 3 most liked names (in order of preference) and submit them to the Registrar of Racehorses for registration.

**F. Proposed/Estimated Ongoing Expenses and Other Obligations**

- a. **Ongoing Expenses** – the following horse expenses are indicative and payable monthly by each shareholder. The Syndicate Manager recommends that Owners budget the below **approximate** amounts, which also include our Monthly Management Fee (MMF). Based on a 12 month period.

For every 2.5% = \$175.00 incl. GST per month)

Potential Shareholders must be aware that the average Ongoing Expenses may vary at any time due to the age of the horse and variable times that the horse is in work, racing, pre-training or spelling and will be validated where applicable. Potential Shareholders must also be aware that the average Ongoing Expenses may vary slightly depending on whether the suppliers, such as the trainer, increases their daily rate and therefore this would increase the weekly average cost (noted above). Group One Thoroughbreds will validate where applicable.

The Potential Shareholder should be aware that the average Ongoing Expense does not include extra-ordinary costs such as insurance renewal, major veterinary fees relating to surgery/injury which will be on charged to the Shareholders reflective of their shareholding, major race nominations or acceptance fees.

Fees on early termination are payable up to and including the final date of the Shareholder's ownership.

- b. **Ongoing Fees and Monthly Management Fee (MMF)** – All suppliers' costs, trainer, spelling, vets and floating etc will be charged dollar for dollar payable in arrears. There will be no mark ups. Group One Thoroughbreds is paid a Monthly Management Fee (MFF) per shareholder of \$49.50 (incl. GST) per month per shareholder, regardless of how many shares are purchased. This covers the management, accounts and administration costs of your horse.

If an Owner holds shares in 3 or more horses with Group One Thoroughbreds the management fee for each horse will be reduced from \$49.50 (including. GST) to \$39.50 (including. GST) per month. Should any Owner currently eligible for the reduced rate subsequently reduce their ownership to less than 3 horses the

management fee will revert back to the \$49.50 (including GST) per month for each single horse.

The Ongoing Expenses and Monthly Management Fees (MMF) will be payable monthly in arrears.

The MMF Fee charged covers the following services rendered:

- Frequent communication with our owners by Group One's dedicated Racing Manager.
- Provision of general day-to-day administration services.
- Levying and collecting fees from Syndicate Members.
- Payment of all accounts to suppliers relating to the horse.
- Enforcing and following up Default payments.
- Arranging dates and times for Owners to inspect their horses at the stables or spelling properties.
- Assistance with RaceDay ticketing (where applicable).
- Lodging Transfer of Ownership (where applicable).
- Lodging Registration of an Ordinary Syndicate (where applicable).
- Naming and Registration of the Racehorse.
- Liaise with the financial Ombudsman office.
- Maintain Professional Indemnity Insurance.
- Arranging open days for partners to inspect their racehorses and be addressed by the Trainer.
  - Providing Shareholders with RaceDay footage (where available), track work and other update reports such as nominations, weights, acceptances, pre-race summary, RaceDay services, post-race summary review, representing the syndicate in relation to race day steward enquiries etc.

The Manager advises that the Ongoing Expenses and Monthly Management Fee (as per Section F(a) and (b) above) will be direct debited from Shareholders accounts on the 1<sup>st</sup> of each Calendar month and is referred to as **Ongoing Expenses and MMF**.

All prices include GST (where applicable). The first Ongoing Expenses and MFF will be due on the 1st day of every month

**c. Procedure of Monthly Direct Debit for the Ongoing Expenses & Management Fee -**

- i. the Manager will invoice each Owner monthly in arrears for the Management Fee, which will be Direct Debit on the 1st of each Month; and
- ii. the Manager will invoice each Owner, the Trainer and other Third-Party Suppliers Fees, monthly in arrears for their proportion of fees and expenses, which will be Direct Debited on the 1st of each Month.

- d. **Trainers and Suppliers Fees** – fees are billed in arrears for the previous month's fees and expenses. I.e. Group One Thoroughbreds is invoiced by the trainers and suppliers approximately the 10th of each month for the previous month's fees and expenses.

Group One Thoroughbreds then invoices each shareholder, on our dollar-for-dollar billing system, on or around the 20th of that month for those fees and expenses and a direct debit is scheduled on the 1st of the following month to cover the previous month's trainers and supplier's bills. The same invoice from Group One Thoroughbreds will also include Group One Thoroughbreds' Monthly Management Fee.

Some of the main benefits of Group One Thoroughbreds charging fees directly to owners and the use of the direct debit system each month is to avoid bad debts, non-payers and to keep costs to a minimum. It also allows the simplicity of payments by keeping it to one invoice per month, instead of several invoices from various suppliers. This will ensure that the syndicate will proceed without any delays to train the horse, stop orders and embarrassment being caused to the syndicate by any non-paying shareholder.

The trainer's daily training rate is \$167.20 including GST.

- e. **Accounts Preparation Fee (APF)** – Group One Thoroughbreds **DOES NOT** charge an Account preparation Fee. The account Preparation fee is **INCLUDED** in the Monthly Management Fee which includes Preparation of the Partnership's annual accounts including.

a) The Opening and maintaining a separate bank account in respect of the Racing Partnership which account maybe used for the deposit and payment of moneys relating to the operation of the Racing Partnership.

b) Accounts/Bookkeeping services rendered.

c) Providing or arranging for the provision of all necessary accounting, taxation and legal advice to the Syndicate.

d) Keeping a register of Owners, which contains their names, addresses, contact details (including telephone and facsimile numbers and email addresses), and the number of Shares held by each Owner, the date upon which the Owner was entered in the register and the date upon which any person ceased to be an Owner.

e) If required by ASIC or the Lead Regulator:

i. making available all the records of the Syndicate, including the Accounts, secretarial records, share register and transfer journal;

ii. providing all information requested in relation to the Syndicate; and

iii. lodging a copy of the Accounts and all other documentation relating to the performance of the Syndicate forwarded to Owners at the same time as the Accounts and such other documentation is forwarded to the Owners.

- f. **Default** – Should any Shareholder neglect payment of the Ongoing Expenses as described in Section F(a) & (b) of the Partnership Agreement for a period in excess of fourteen (14) days, the following may occur:
- i. If payment defaults on or around the 1st of the month (when payment is due), Group One's Accounts Department will contact the Defaulting Shareholder via email, mail or fax to issue an Overdue Reminder Notice for the failure of payment giving the Defaulting Shareholder 7 days to forward full payment of the outstanding amount. Should payment not be received within that 7-day period, a First Default Notice, requesting immediate payment, will be issued via email or fax and a formal letter will be posted by the Syndicate Manager, giving the Defaulting Shareholder a further 7 days to make contact with Group One Thoroughbreds Accounts Department to finalise their outstanding account. Should payment not be received with that 7-day period, all horse progress reports and updates maybe switched off and a Second Default Notice will be issued, giving the Defaulting Shareholder a further 7 days to make payment. The Shareholder must still pay their new statement by the 1<sup>st</sup> of the next month. Should payment not be received within that -day period, a Final Notice (Share Repossession Pending) will be issued via email or fax and a formal letter will be posted by the Syndicate Manager, giving the Defaulting Shareholder a final 7 days to make payment of the total amount owing. Failure to comply with the Final Notice (Share Repossession Pending), will result in proceedings by Group One to confiscate and take possession of the shareholdings of the Defaulting Shareholder to recover any outstanding debts, by means of sale of the shares by Private or Public Offer. Without any further notice, the Defaulting Shareholder shall cease to be a Shareholder and will have no interest in the assets and income of this said Partnership. The Syndicate Manager has the right to suspend a Shareholder's entitlement whilst in default.
  - ii. Further to Section F(g)(i), should the Defaulting Shareholder's payments fail 3 times within a 12-month period, then they may forfeit any rights and privileges of the Partnership and furthermore, the Syndicate Manager will have the right to sell the shareholding/s by Private or Public Offer at the Defaulting Shareholder's expense to recover the debt of the Defaulting Shareholder. The Defaulting Shareholder will not be entitled to receive any compensation for the confiscated or repossessed interest in the Partnership or receive any further payment out of the assets or profits of the Partnership.
  - iii. Shareholders who pay their Ongoing Expenses via direct deposit are advised that should their payment be late over 2 consecutive months, may lose the privilege of paying directly and will be placed back onto our direct debit payment method which is the common policy of Group One Thoroughbreds.
  - iv. Furthermore, the Shareholder's account may be passed onto a Debt Collector for recovery and will attempt to establish monetary protection of industry suppliers and this Syndicate. The Lead Regulator have placed a regulation that all

suppliers, trainers, etc. are to be paid in a timely fashion by Shareholders, Syndicates and Syndicate Managers to maintain their accounts and prevent a horse from continuing work.

v. If a shareholder defaults on payment, a late fee of \$10 will be charged on your account and an interest rate of 10% accumulated daily after 30 days will be charged on your on overdue account/s and will be invoiced on the following month's bill.

vi. The purchase and sale of the Share/s of the Defaulting Shareholder will be effective as soon as practicable after the price has been determined and the Syndicate Manager will execute as trustee of the Defaulting Shareholder all such documents and do all things as are necessary to complete such sale and purchase. The Shareholder in default hereby nominates, constitutes and appoints the Syndicate Manager under power of attorney to execute and implement procedures as will be necessary to sell, convey and assure a buyer the Share or Shares so sold.

Fees on early termination are payable up to and including the final date of the Shareholder's Ownership.

## **G. Ownership, Redemption and Withdrawal**

### **Ownership**

Each Shareholder hereby authorises the Syndicate Manager to do all things required to be done by a Shareholder in order to conform to the requirements of this Partnership Agreement and the Rules of Racing, including without restriction, authority to sign on behalf of the Shareholder all documentation required to be signed by the Shareholder and lodged with the Registrar of Racehorses to give effect to any application for registration of the Horse and/or transfer of ownership.

The Owner agrees not to reproduce any of Group One Thoroughbreds branding, Intellectual Property, merchandise or social media publication for financial gain.

### **Redemption and Withdrawal**

Shareholders will have no right to have your shares in the Syndicate redeemed or bought back prior to the termination or winding up the syndicate.

Before purchasing a share, each Shareholder should consider the purchase of the share as a long-term investment for the life of the Syndicate. The Syndicate Manager will not

be obligated to sell a share on behalf of the Shareholder.

A Shareholder will be able to offer their share/s privately for purchase providing the Syndicate Manager approves the buyer and adheres to the Syndicate Agreement. The transaction of the sale is still conducted internally by Group One Thoroughbreds. The Syndicate Manager can assist Shareholders with selling their shares by providing details of the industry approved online auction sites. The Syndicate Manager will not provide on request a shareholder or issue invitations to buy Shares unless the prospective purchaser is provided with a Syndicate Agreement prepared by the Syndicate Manager in accordance with the provisions of the Syndicate Agreement. There will be no ready market for the Shares.

Group One Thoroughbreds or external participants may make an offer to purchase the existing Shareholders share/s and if agreed upon by both parties, will take over the resale shares and the risk from the date of the Transfer of Ownership. Group One Thoroughbreds or any external participant may seek the market to resell the share/s or keep and race the horse.

In the event that a shareholder has made the decision sell his/her share/s, they must adhere to the Proposed/Estimated Ongoing Expenses and Other Obligations, continue paying their obligation for upkeep of their horse until such time the share/s has been officially sold and/or transferred over to the new shareholder.

Fees on early termination are payable up to and including the final date of the Shareholder's ownership.

Should the Horse go to Stud and or Breeding, Group One Thoroughbreds will be eligible to TWO (2) lifetime service rights per annum for the lifetime of the standing stallion and 10% (plus gst) of the sale price (only in the event of the horse being an entire and being retired to stud).

Irrespective of whether or not the Syndicate Manager, being Group One Thoroughbreds, is voted off as the syndicate manager of the Horse, Group One Thoroughbreds will have the right to negotiate stud and breeding of the said Horse of this Partnership Agreement.

The Syndicate Manager may at any time remove the trainer and engage the services of another appropriately licensed person to act in that capacity. The new trainer may be interstate and not within the same jurisdiction of the initial trainer. The Syndicate Manager will confer with all Shareholders with regards to a change of trainer before a decision is made.
- iv. In the event that a Shareholder has made the decision to leave or sell his or her share, they must first offer the sale of that share/s within the syndicate. Under no circumstances is it the responsibility of Group One Thoroughbreds to sell the share/s on behalf of the shareholder. It is the full responsibility of the Shareholder to maintain their shareholding until such time that the share is either sold or relinquished. It is ownership much like the purchase of a property or home and is for the term of the racing career of the horse. (Refer to Section G of the Partnership Agreement)
- v. Group One Thoroughbreds can be removed or replaced as Manager of the Career of the Horse if a memorandum signed by the shareholders representing a majority interest in the Horse (that is, a vote by Shareholders with an interest of more than 51% in the Horse) votes for their removal. In the event where a Manager is removed or replaced, Group One Thoroughbreds will cease to provide the services referred to AR 63(2) of the Australian Rules of Racing. These services include:
  - entering, nominating, accepting or scratching such Horse for any race;
  - engage a jockey to ride such Horse for any race;
  - receive any prize money or trophy won by such Horse; or
  - act for and represent the joint Shareholders, lessees, or Shareholders in relation to the Horse in all respects for the purpose of the Rules.

Group One Thoroughbreds will continue to act as Manager of the Syndicate to provide the remaining services expressed in Section H of the Partnership Agreement. That is, the Manager is responsible for all aspects of the management of the racing Career of the Horse, preparation of the Syndicate's annual accounts for submission to the Lead Regulator, the management of communications between the Shareholders and the Stables, and the provision of all administrative services and trust accounts of the syndicate.

If Group One Thoroughbreds is removed as the Manager of the Horse, it does not give up its entitlements to the disclosed stud fee, breeding or sale fee as per Section I of the Partnership Agreement.

- vi. Early Termination Fee: In the unlikely event that a Manager is removed, an early

termination fee will apply to the Syndicate. Every shareholder will be obligated to pay their Management Fee for the duration of a 6-month period in advance at the time of removal of the Manager. If payment does not materialise, the Management Fee will continue to be charged on a monthly basis up to the time that payment is completed in full by ALL shareholders of the syndicate.

Management of the Horse and the Syndicate will continue by Group One Thoroughbreds up until all shareholders have paid the termination fee in full. This early termination fee is enforced as a charge to compensate us for failure to satisfy the contract by the syndicate Shareholders.

We will not charge you an early termination fee if it is a result of a proven material breach pursuant to Section H of the Partnership Agreement.

- vii. A Shareholder or Shareholders who own not less than 30% of the Shares may either call a meeting of Shareholders or request the Syndicate Manager to call a meeting of Shareholders, upon giving at least 21 days written notice to the other Shareholders, the Syndicate Manager and the Racing Manager. In the event the Syndicate Manager receives such a request, the Syndicate Manager must within 14 days of receipt thereof, call a meeting of Shareholders, which must be held within 1 month of receipt of the request.
- viii. A voting resolution binds all Shareholders, whether or not they participate. No objection may be made to any vote cast unless the objection is made at the time of convening. The decision of the Syndicate vote on any matter is final.
