2. BUSINESS OVERVIEW

2.1 Nature of the business

RCN5 is a Horses racing company and originally purchased shares in nineteen thoroughbred racehorses (the “Horses”), however, one thoroughbred was retired due to injury (i.e. Trapeze Artist x Indie Rock colt) and was replaced with another thoroughbred (named ARDUOUS an All Too Hard x Meridian Star filly) and a second thoroughbred was sold (named CHARGING BULL a Bull Point x Love Las Vegas gelding), as it was not fit for city racing. Eighteen thoroughbreds remain in RCN5 with the intention of managing their racing career, training and racing them. The Company holds a racing syndicate licence issued by the Queensland Racing Integrity Commission, which allows the Horses to be raced at tracks throughout Australian under the Company’s name. The shares in the Horses are 100% owned by the Company.

It is intended that the Company will operate for the career of the Horses, with a minimum operating period of 21 months and an expected start date of 11th December 2023 and end date of 30th September 2025, to be extended at the discretion of the Directors.

The Company intends to generate returns for the Shareholders by effectively managing the Horses racing career. This involves engaging and maintaining quality licensed trainers, ensuring the Horses remains healthy, and entering the Horses into appropriate races. The Manager is responsible for managing the Horses racing career. Any prize-money won by the Horses will be used in the first instance to pay trainer and jockey expenses and expenses relating to the management of the Horses. The remainder of the prize-money will be distributed to Shareholders in the form of dividends. See section 6.4 for more information about the distribution of prize-money.

If an offer by a third party to buy the Horses from the Company, the Directors will consider, with consultation from the Manager and the trainers, whether the offer is in the best interests of Shareholders. If the Company considers the offer is in the best interests of Shareholders, Shareholders have a right of first refusal and have the option to purchase the Horses at the offered price.

If in the opinion of the Directors, it is not in the interests of the Shareholders for the Horses to continue to race in a particular class to which the Horses are referrable, the Horses will either be sold, or if it is considered to be of no significant commercial value, retired and placed in a good home.

At the end of the Horses racing career, the Directors will consider whether the Horses will be sold or transitioned to a breeding programme and will make a recommendation to the Shareholders. A Shareholders’ resolution will then be passed to elect whether to sell the Horses or transition to a breeding programme. In the latter case, the Company may continue for the breeding life of the Horses. If there is no transition to a breeding programme, then the Horses will be sold. If the Horses is a valuable broodmare, it will either be sold through a public auction or to a bloodstock agent. Once the Horses is sold, the Company will be wound up. The sale money will be distributed to creditors and Shareholders in accordance with the Corporations Act.

3YO WRITTEN TYCOON X MISS WAHOO FILLY**Trainers: Ryan Balfour – SA**

Ryan Balfour spent many years working alongside his father David Balfour in Singapore and Malaysia throughout the 1990's. David sadly passed away in 2014 but the stable remains one of the state's strongest.

Working with David in Malaysia and Singapore, Ryan was exposed to various training methods and styles from overseas and Australia. This has given Ryan some key foundations for his own training style. In 1999 he became stable foreman. During this time, feature winners included the Tunka Gold Cup, Silver Bowl, Ottard Cup (Twice), Merlin Trophy and Breeders Vase.

3YO PIERRO X TALISA GELDING, 3YO ZOUSTAR MEADOW FILLY and 2YO ALL TOO HARD X MERIDIAN STAR FILLY**Trainers: Gai Waterhouse & Adrian Bott – NSW/VIC**

Gai & Adrian have gone on to achieve as much as humanly possible with racehorses. While many would rest on their laurels after such success, Gai simply wants to win more and more. Owners can rest assured that the Lady Trainer wants to win races just as much if not more than they do! Confirmation of this dedication to excellence came after just fifteen years of training when Gai was inducted into the Australian Racing Hall of Fame (2007). As we stand, in just over

20 years of training, Gai has amassed over 135 Group One wins and currently sits third on the all-time list (Group One winners) behind T.J. Smith and Bart Cummings.

By far Gai's greatest achievements have been recorded in the best races of the year in both Melbourne and Sydney. Gai has won Sydney's two best races, the Golden Slipper and Doncaster Handicap six and seven times respectively. Gai is by far the most successful trainer ever in the Sydney Spring. 'Make hay while the sun shines' is a phrase one often can hear Gai quoting. This attitude is reflected by Gai's results in the best races contested during the Sydney Spring Carnival. The Flight Stakes (7 wins), the Epsom Handicap (7 wins) and the Metropolitan Handicap (8 wins) have become races at the mercy of Gai each and every year.

Gai gives each and every horse that comes into her care every possible chance to succeed. Only six horses in the history of Sydney racing have won the two-year-old Triple Crown and Gai has trained two of them (Dance Hero 2004 and Pierro 2012). Gai in fact has won more Group One races for two-year-olds than any other trainer.

Gai Waterhouse and Adrian Bott's recent Group success CON TE PARTIRO (Coolmore Legacy Stakes Group 1, Coolmore Classic Group 1) SHOUT THE BAR (Empire Rose Stakes Group 1, Vinery Stud Group 1), FARNAM (Golden Slipper Group 1) GLOBAL GLAMOUR (Thousand Guineas Group 1, Flight Stakes Group 1)

**3YO UP AND COMER (PRESS STATEMENT X LATE BLOOMER FILLY), 3YO VANCOUVER X CHRISTMAS OFFER GELDING
and 3YO RUSSIAN REVOLUTION X SILKY MOVER GELDING****Trainer: Annabel Neasham – NSW/QLD**

Growing up in the Northamptonshire village of Croughton in the United Kingdom, Annabel honed her horsemanship skills through eventing, show-jumping and hunting.

It was the British jumps scene that first hooked her into racing, avidly following National Hunt events such as the Cheltenham Festival.

In 2016, Annabel took up the opportunity to travel to Australia – for what was meant to be a working holiday. She never left, and now can't imagine being anywhere else.

After six months with Gai Waterhouse, Annabel relocated to the Caulfield stable of Ciaran Maher. Learning from one of the best horsemen in the country, Annabel was able to work with quality Group 1 winners such as Jameka and Merchant Navy.

Maher soon put her in charge of the Sydney branch of the stable, which was established in 2018.

Under Annabel's watch, the stable recorded more than 50 victories in New South Wales in its first two seasons and unveiled a string of high-quality young horses such as Dubious, Prague, Away Game, Holyfield and Cellsabeel.

The strong results paint a clear picture of Neasham's training talents. Her two years at the helm of Ciaran Maher Racing's Sydney stable have also familiarised her with her surroundings at Warwick Farm, where she was granted 36 boxes to begin her solo training career in the 2020-21 racing season.

In 2018, a notable demonstration of her riding and horsemanship capabilities, Annabel won the famously gruelling Mongol Derby. The Mongol Derby is the world's longest horse race, run over 1000 kilometres across ten days. In an extraA Class test of stamina and skill, riders spend 13 or 14 hours in the saddle per day.

Annabel teamed up with Adrian Corby, another highly capable horseman who works as Maher's breaker, to score a momentous victory. This supreme achievement means that Neasham can lay claim to having ridden a Derby winner – now she wants to train one.

Trainer: Ciaron Maher & David Eustace – VIC/NSW

Ciaron Maher took his first tentative steps in racing as a teenager, working with a trainer after school each day. He was an apprentice jockey with Peter Hayes in Adelaide and Melbourne before becoming an accomplished jumps jockey, competing in Australia versus Ireland jockey challenges and riding in England, Ireland and Dubai.

In 2005 he established himself as a trainer in Warrnambool, home of jumps racing. His first winner was Spectacular Storm in a hurdle race at Terang, followed up smartly by another win at Sandown. The stage was set for a successful career not only in jumps racing, but also on the flat as the stable grew. Ciaron Maher has since moved to Caulfield, where he has expansive stables on the course. He has retained facilities in Warrnambool, which suit horses in need of a country setting, and has secured new premises at Randwick. At his property in Pakenham, on the edge of Melbourne's suburbs, he has agistment and pre-training facilities.

A young trainer with an eye for picking winning prospects at yearling sales, he has built a stable of loyal owners as well as successful horses. He welcomes first-time owners as well as experienced racing hands. He is regarded as hard-working, thoughtful and, above all, patient. His promise is that every horse will be given every chance to develop its full potential.

Ciaron Maher discovered the thrill of Group 1 success in 2007 with TEARS I CRY winning the VRC Emirates stakes at Flemington.

Black type races have flowed since then, SRIKANDI winning the Group 1 AAMI Stradbroke Handicap and the Group 1 Sky Racing Tatts Club Tiara, SET SQUARE winning the Group 1 Crown Oaks, and the following year, JAMEKA winning the Group 1 Crown Oaks including the Group 1 BMW Stakes and the Group 1 Caulfield Cup not forgetting LOVING GABY (by I Am Invincible) winning the Group 1 William Reid Stakes in 2020.

3YO BULL POINT X LOVE LAS VEGAS GELDING - SOLD

Trainer: Luke & Peter Fernie – WA

The Fernie name has been synonymous for the best part of six decades and, when you think of WA's best country trainers, Peter Fernie rates at the top of a highly-regarded list.

The third-generation trainer and Kalgoorlie born-and-bred 53 year old, Peter Fernie, has prepared more than 650 winners since taking out his training licence in 1998 and hit the ground running at the opening meeting of the Kalgoorlie season last Saturday when saddling-up four of the six winners on the card.

Fernie, the son of the late John R. and grandson of Robert Fernie, grew up following his father around the stables and was only nine years old when John's former Hannans Handicap winner, Cambana Lad, won the 1974 Group 1 Railway Stakes at Ascot.

After finishing his schooling, Fernie completed a mechanical apprenticeship before following the common town trait into the mining industry. He worked as an underground driller for 10 years and tried to juggle his workload while messing around with a few horses, however, the long hours and gruelling lifestyle soon took its toll. "I was training when I was mining for a bit, because Dad passed away and I was still doing it, but it was too hard," he said. Fernie has since developed his racing business into a full-time profession, with his stable consisting of 30 horses in work at any given time during the Kalgoorlie season and, clearly, his results speak for themselves.

Peter Fernie's first major winner was BLACK GEORGE in 2011. The most recent major winner was Gangbuster in the BLUE SPEC DRILLING BOULDER CUP. Last season the stable trained 79 winners and so far this season has produced the winners of 22 races, with the latest winner being Paradise Square at Kalgoorlie on October 18, 2020.

He currently sits second on the premiership table this season with 21 winners. Asked if he'd ever consider relocating to the city, Fernie says it is unlikely, although his 23-year-old son Luke, operates the satellite stable in Perth. "I enjoy it and I really like the animals so I couldn't see myself giving up in the near future," Fernie said.

2.5 Strategy and plans

The Company has been set up to purchase the Horses and manage their entire racing careers. The Company is offering Shareholders the opportunity to receive any benefit of race winnings and potential future breeding revenue and proceeds.

2.6 Finance arrangements

The terms of the credit facility used to purchase the Horses are as follows:

- \$220,398 - 37.9% of the original borrowings available under credit terms.
- Drawn down funds are not subject to interest.
- The credit facility is provided on an unsecured basis.
- The Company must apply future capital raised under the Offer to repay any amounts drawn down under the credit facility at which time the facility will be terminated.

2.7 Valuation

A valuation by a qualified bloodstock valuer is not required as the Company acquired the Horses from Blueblood Thoroughbreds and at public auction. A conflict of interest (Actual or Perceived) is evident (see paragraph 2.8 below).

2.8 Conflict of interest

At the time of purchase, the buyer, Racing Club No 5 Ltd, had a relationship with the Seller, Blueblood Thoroughbreds (Australia) Pty Ltd, Director Carol Walsh, who is also one of the Directors of Racing Club No 5 Ltd. The reasonable remuneration for the financial benefit that the vendor received was deemed reasonable in any conflict of interest or related party transaction (Actual or Perceived) due to the horses being sold for Market Value and that Market Value having been established by Public Auction.

3. RISK FACTORS

3.1 Business risk factors

3.1.1 Horses racing risks

The following risks could impact the ability of the Horses to participate in races:

- Injury to the Horses in the course of its training or when participating in races;
- Sickness, disease or death of the Horses;
- The Horses could prove unsuitable for Horses racing; and
- The cost of racing, including managing and training the Horses could increase leading to a reduction in any returns to Shareholders.

Horses can get sick, lame, suffer from disease, feeding disorders, pests or parasites and be unable to race or train for extended periods of time. As a result, the Company may incur significant unexpected expenses such as vet bills and rehabilitation costs. Injury or illness can affect any Horses and can reduce or end a Horses racing career or ability to produce as a Broodmare.

High class races have a much lower rate of injury than low class races. While this could be attributed to many factors, including the quality of the Horses, economics, or medications, the trainer still must make the decision to run a Horses or not to run a Horses. Because leading trainers consistently get the best Horses, injury rates by race class should correspond to injury rates by trainer.

Race Class	Career Ending Injury Rate	Career Ending Injuries	Starts
High	2.27%	553	243,854
Low	4.11%	2,566	624,265

Source: "Trends in Equine Mortality, 1998-2005"

https://www.aphis.usda.gov/animal_health/nahms/equine/downloads/equine05/Equine05_is_Mortality.pdf

If the Horses are unable to participate in a race, the amount of dividends payable is likely to be lower because there will be no prize money attributable to that race. If the Horses are no longer suitable for Horses racing because it is permanently injured or suffers from sickness or disease, the Horses will likely be sold at a loss, and this will significantly impact the distributions Shareholders receive upon wind up of the Company.

3.1.2 Reliance on directors and key persons

The Company has no operating history and relies on the skills of the directors, trainers of the Horses and Racing Club Pty Ltd to manage the racing career of the Horses. An investment in the Company is therefore heavily dependent on the involvement of the directors and these other key persons.

The trainers of the Horses are engaged by the Company in accordance with the trainers' standard terms of trade. These standard terms allow the trainers to terminate for convenience on short notice. If this happens, the Horses may be left without a trainer until new trainers are engaged, and the terms of engagement may be on less favourable terms. However, it is likely that Racing Club No 5 Ltd can secure alternative successful and qualified trainers by using its existing networks and experience in the industry. There will also be delays in the Horses commencing its racing career, with a corresponding increase in expenses and no ability to win prize money for a period.

The Company's ability to effectively manage the Horses racing careers and perform the necessary administrative functions depends upon the performance and expertise of the directors and Racing Club No 5 Ltd. The loss of these key personnel, or any delay in their replacement, may adversely affect the Horses performance or eligibility to participate in races, and this will have a negative impact on the amount of dividends to be distributed.

3.1.3 Downturn in Horse Racing industry

The state of the Horseracing industry is largely correlated with the health of the domestic economy. If there is a downturn in economic activity, it is likely that the pool of prizemoney, the level of investment in the industry and the value of the Horses will decrease. This means that upon selling the Horses, the Company will receive less sale proceeds than if the state of the Horseracing industry was healthier.

3.1.4 Changes in legislation and regulations

Changes in legislation and regulations such as the Australian Rules of Racing could affect the Horses ability to participate in races, and therefore could affect the amount of Shareholder returns. In addition, the Company could be subject to additional legal or regulatory requirements if its business, operations or geographic reach expand in the future.

The Company is primarily subject to the Australian Rules of Racing administered by Racing Australia Limited. Each Australian State and Territory has a Principal Racing Authority which supervise and licence industry participants. The Company is also subject to the *Corporations Act 2001*. Legislation and racing rules change from time to time, and the changes could result in the Horses not being able to participate in certain races. This means the Horses will have less chance to win prize money, which will negatively impact on the amount of dividends available for distribution.

3.2 Investment risk factors

3.2.1 No guarantee of returns

Any person investing in shares in the Company should be aware that Horses racing is a speculative venture with no guarantee of returns. A person subscribing to this offer should regard their shares as an entry in to racing Horses for entertainment value rather than returns. There is also a risk to capital, for example, if the Horses proves unfit for racing, it may be sold off for a price less than its cost, plus ongoing expenses. The best pedigree and training also cannot guarantee a winning Horses. The Horses could simply lack the desire or ability to perform at the necessary level.

3.2.2 Trading in Shares may not be liquid

As shares in the Company are not listed on any stock exchange, there is no liquid market for the shares. Shareholders may sell their shares to a third party or an existing Shareholder. To facilitate this, the Company will maintain a register of the shares that any Shareholder wishes to make available for sale and will inform any prospective purchaser who expresses an interest. However, the Company is legally constrained from soliciting for purchasers on behalf of sellers or otherwise make a market for shares.
