The Fund has been established with a humanitarian objective aimed at supporting the people of Ukraine by funding the acquisition and supply of vital equipment and clothing.

The project will fund the acquisition, preparation and supply of items which fall within the accepted definition of “humanitarian assistance” under the Geneva Protocols and international humanitarian law, and will include acquisition, preparation and supply of:

- clothing (which may include protective or combat clothing);
- civilian/consumer drones (non-weaponised) to aid in the protection of Ukrainian people and civilian objects; and
- monetary assistance for medical and humanitarian purposes.

All activities undertaken as part of the project are / will be activities undertaken to provide aid or assistance of a humanitarian nature and **not** for the assistance of a foreign government or foreign fighters to engage in hostile activities. Funds will not be used to acquire or supply any weaponry, explosives, poisons or military equipment, nor to fund military activity, recruitment or training.
