In work and ready to go!

# LOFTY MACSPORRAN

HIGHLAND REEL (IRE) X CRUZ DE VEGA (AUS)

---

Lofty MacSporran is a beautifully bred gelding, foaled at the renowned Swettenham Stud. He's by seven-time Group 1 winner Highland Reel (IRE) – a son of the great Galileo – out of Cruz de Vega (AUS), a four-time winner and daughter of Lope De Vega (IRE).

This is a pedigree built on patience and progression – and that patience has been applied.

Lofty has now completed three educational preparations and trialled once, where he performed very well. He is currently in training and is expected to trial in February 2026, before he heads to his races.

As expected from this elite staying cross, Lofty profiles to improve sharply with time and distance, with a clear aptitude for 2000m and beyond. The waiting has been done – now he's in work and ready to go.
